Venturi® Brass

Recessed

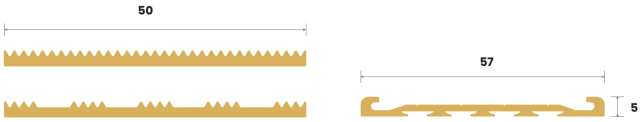

The Venturi Brass Recessed stair nosing is constructed from an architectural grade brass carrier and accepts brass, silicon carbide, or polymer inserts. Designed for rebated applications, it seats in a routed channel cut into the substrate so it finishes flush. Tested to AS 4586, it achieves a P5 slip rating (Corrugated) or P4 (Striped), suiting stone, ceramic, concrete, masonry, timber and vinyl substrates in commercial and high-traffic settings.

COMPLIES WITH AS 4586 (slip resistance) · AS 1428.1 (luminance contrast)
