Venturi® Brass

Surface Mounted

The Venturi Brass Surface Mounted stair nosing is constructed from an architectural grade brass carrier and accepts brass, silicon carbide, or polymer inserts. It fixes directly to the stair edge and requires no rebate, making it suited to retrofit work or anywhere a rebate cannot be cut. Tested to AS 4586, it achieves a P5 slip rating (Corrugated) or P4 (Striped), suiting stone, ceramic, concrete, masonry, timber and vinyl substrates in commercial and high-traffic settings.

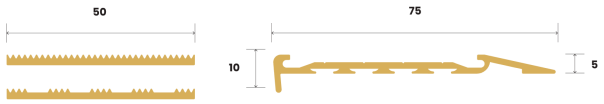

COMPLIES WITH AS 4586 (slip resistance) · AS 1428.1 (luminance contrast)

PRODUCT
