Venturi® Carbtech

Flooring Tile (L)

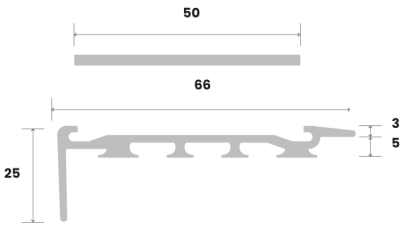

The Venturi Carbtech Flooring Tile (L) is an extruded aluminium carrier, in a longer length, fitted with a silicon carbide (Carbtech) insert. It sits flush against an adjacent floor finish, for applications where the nosing finishes level with another product and neither rebating nor surface-mounting applies; other profiles are available in the range. The insert achieves a P5 slip-resistance classification to AS 4586, suitable for internal and external applications in wet and contaminated conditions. The silicon carbide surface is durable and corrosion resistant; its abrasive texture makes it unsuitable for barefoot traffic areas

COMPLIES WITH AS 4586 (slip resistance) · AS 1428.1 (luminance contrast)
