Venturi® Carbtech

Recessed

The Venturi Carbtech Recessed stair nosing is an extruded aluminium carrier fitted with a silicon carbide (Carbtech) insert, profiled for rebated applications where it seats into a rebate or routed channel cut into the substrate so it finishes flush. The insert achieves a P5 slip-resistance classification to AS 4586, suitable for internal and external applications in wet and contaminated conditions. The silicon carbide surface is durable and corrosion resistant; its abrasive texture makes it unsuitable for barefoot traffic areas. Other profiles are available in the range

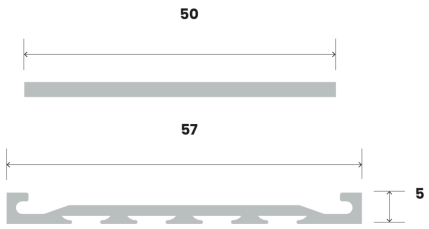

COMPLIES WITH AS 4586 (slip resistance) · AS 1428.1 (luminance contrast)
