Venturi® Carbtech

Surface Mounted

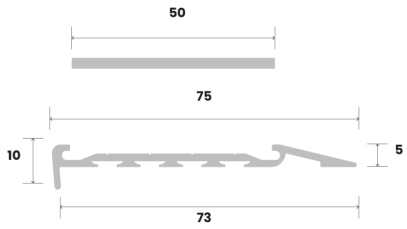

The Venturi Carbtech Surface Mounted stair nosing is an extruded aluminium carrier fitted with a silicon carbide (Carbtech) insert. It surface-fixes directly to the stair or floor edge and requires no rebate, making it the choice for retrofit or anywhere a rebate cannot be cut (other profiles in the range suit rebated and flush applications). The insert achieves a P5 slip-resistance classification to AS 4586, suitable for internal and external applications in wet and contaminated conditions; its abrasive silicon carbide texture is durable and corrosion resistant but unsuitable for barefoot traffic areas

COMPLIES WITH AS 4586 (slip resistance) · AS 1428.1 (luminance contrast)
