Venturi® Polymer

Surface Mounted

The Venturi Polymer Surface Mounted is a UV stable polymer insert for access and entry applications. It surface-fixes directly to the stair or floor edge and requires no rebate, making it suited to retrofit or anywhere a rebate cannot be cut. It achieves a P5 slip rating to AS 4586, the highest pedestrian classification in both wet and dry conditions, suiting wet and barefoot-traffic areas such as aquatic centres and beach access. Other profiles are available in the range.
