Integrated Warning

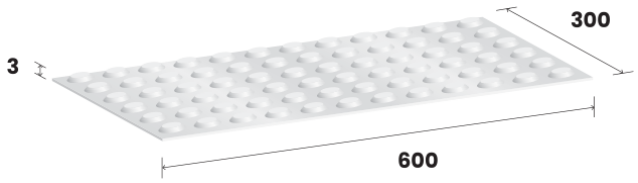

The Nouvel Plate Classic Integrated Warning is an integrated warning tactile ground surface indicator supplied as a single pre-formed plate with self-adhesive backing and optional mechanical fixing points, carrying the warning stud array dimensioned to AS 1428.4.1. It achieves a P5 slip-resistance classification to AS 4586 and meets the luminance contrast requirement of AS 1428.1. The plate construction resists rotation and removal across interior and exterior pedestrian applications; discrete and directional profiles are also available in the range
