Nouvel® Dome

Infix

The Nouvel Dome Infix is a stainless steel handrail-mounted tactile dome that provides a continuous-surface sensory cue along stair and ramp handrails. The "Infix" fixing sets the dome's shaft into a drilled hole in the handrail, seating it on the top face 150mm from the handrail end. In aged care and Class 9a health-care buildings, NCC 2022 D4D9(3) allows handrails with a raised dome button to AS/NZS 1428.4.1 in place of warning TGSIs at stairways and ramps.

COMPLIES WITH AS/NZS 1428.4.1:2009 (tactile indicators) · NCC 2022 D4D9(3)

PRODUCT

PROFILE & DIMENSIONS (MM)

Stainless Steel	5 yr	10 mm	Infix
